Optical switch with latency <200nsec
Highly secured encrypted VPN connections
Flexible MAC-address based VLAN (level 2)
Multi-user MIMO antenna for unmatched WiGig speeds
Fastest Media Streamer today
Intel i3 Core Processor

SPECIFICATIONS

Model Name	RAPTOR
Description	10 Gbit Ethernet Router
Standards wireless	801.11ad / a / g / n
Ethernet	10GBASE-T
Radio frequency	60 Ghz WiGig
Switchport speed	10 Gigabit, continuously
Ports	2x USB 3.0 / Firewire / HDMI 1.3
Antenna	Multiple Input – Multiple Output
Number of VPN connections	Maximal 5
Storage harddrives	0, 1 or 2 SSD 480Gb SATA III

**Prices
starting at
US\$ 2.601**
